WHAT IS FSAP?
The Freshman Summer Academic Program (FSAP) gives first-year students admitted to Washington University an introduction to the undergraduate academic and social life at Washington University. The intensive, five-week academic program provides students the opportunity to earn six college credits, make friends, become familiar with the campus and surrounding neighborhoods, and register early for fall courses before other freshmen.

Students attend group events to get to know each other and the city of St. Louis.

The events include activities such as bowling, roller skating, demolition ball, an indoor trampoline park, movies, a comedy show, and costume nights.

YOUR ADVANTAGES

EARN CREDIT: Take two specially selected courses and earn six units of credit.

REGISTER FOR FALL CLASSES: Meet with your four-year academic advisor, discuss your academic interests, and register early for fall classes before other freshmen.

MAKE NEW FRIENDS: You will meet incoming freshmen from across the United States and around the world. Share your interests with students in architecture, art, arts and sciences, business, and engineering. Imagine having a community of friends before the school year begins!

EXPLORE CAMPUS: Become familiar with the layout of the campus and learn how to use resources such as the campus shuttles, the Career Center, the Writing Center, and Cornerstone.

SEE ST. LOUIS: Venture off campus to investigate shopping and ethnic restaurants in the University City Loop; explore Forest Park, home of the zoo, art museum, etc.; discover nearby neighborhoods; and browse at shopping malls. Past participants have visited an amusement park, seen plays at local theaters, enjoyed concerts, and watched fireworks at Fair St. Louis.

FAST FACTS

ELIGIBILITY: All admitted first-year undergraduate students entering Washington University are eligible.

CURRICULUM: All FSAP participants take Introduction to Reading and Writing About Literature, and choose one of the following courses: Calculus I, Introduction to Psychology, Topics in Chemistry and Global Culture: Exploring Dystopias.

COST: The total cost of the program is $3,950 (Program fee of $3,900, plus a non refundable application fee of $50). This cost includes tuition, housing, meals, and all weekend social activities, but not books or travel costs to and from campus. Financial aid is available.

LIVING ARRANGEMENTS: All participants will live together on campus in a traditional dorm. Students participating in the program are required to live on campus for the entire program.

RESTRICTIONS: FSAP participants may not have jobs because the program is a full-time commitment. Also, participants may not have cars on campus; all transportation is provided.

I am very glad I participated in FSAP. I have been able to transition into college life quite easily both socially and academically. I also had six units of credit under my belt by the time I entered freshman year.

A lot of my best friends are from FSAP. It was great to start my freshman year already knowing so many people on campus.

The best part about FSAP is making new friends. The experiences we shared together are ones that I will cherish forever. FSAP made my final summer before college the most wonderful and memorable that it could possibly be.

What I liked best about FSAP was learning how to navigate campus and transition into a college environment. I started my freshman year understanding how to manage my time.

Lauren Johnson, College of Arts & Sciences, Bristow, Virginia

I am glad I participated, because I was able to earn six units of credit and still enjoy summer at the same time.

Kwesi Adjei, College of Arts & Sciences, Buffalo, New York

Not only did FSAP give me a special opportunity to get to know the campus and what it has to offer before the year began, it allowed me to become familiar with the academic expectations of WashU.

Ruben Schuckit, School of Engineering & Applied Science, Carmel, Indiana

By participating in FSAP, I was able to meet professors and administrators before school actually started. It was very helpful to meet with my advisor and plan my first semester in person.

Kiri Maasen, Sam Fox School of Design & Visual Arts, Foristell, Missouri
